3- Clique em New

The screenshot shows the GitHub profile of 'profdeborapaulo'. The profile includes a circular profile picture of a woman, the name 'profdeborapaulo', an 'Edit profile' button, and follower/following counts (22 followers, 12 following). The 'Repositories' tab is active, showing a list of repositories. At the top of the repository list, there is a search bar 'Find a repository...', filters for 'Type', 'Language', and 'Sort', and a prominent blue 'New' button. The repository list includes:

- profdeborapaulo** (Public): Config files for my GitHub profile. Updated on Aug 11. Tags: config, github-config.
- rafaballerini** (Public): Forked from rafaballerini/rafaballerini. Updated on May 14.
- github-readme-stats** (Public): Forked from anuraghazra/github-readme-stats. Dynamically generated stats for your github readmes. JavaScript, MIT License. Updated on May 14.
- analise-de-dados-python** (Private): Updated on May 8.
- interfaces-web2-turma-A** (Private): Vamos iniciar os projetos de aula. Updated on May 8.
- Formulario** (Public): Updated on May 8.

4- Coloque um nome para o seu repositório

The screenshot shows the GitHub 'Create a new repository' page. The interface is dark-themed. At the top, there's a header with the GitHub logo, 'New repository', a search bar, and user avatars. The main content area is titled 'Create a new repository' with a subtitle explaining that a repository contains project files and revision history. Below this, there's a section for 'Required fields are marked with an asterisk (*)'. The 'Owner' field is set to 'profdeborapaulo'. The 'Repository name' field is highlighted with a yellow box and contains 'meuRepositorio', with a message below it stating 'meuRepositorio is available.'. The 'Description' field is also highlighted with a yellow box and contains the placeholder text 'Este é o meu repositório lá lá lá...'. Below the description, there are two radio buttons for 'Public' and 'Private'. The 'Public' option is selected, and a red arrow points to it. Below this, there's a section 'Initialize this repository with:' with a yellow box around it. The 'Add a README file' option is checked. Below this, there's a section 'Add .gitignore' with a dropdown menu set to 'None'. Below that, there's a section 'Choose a license' with a dropdown menu set to 'None'. At the bottom, there's a blue button labeled 'Create repository', which is pointed to by a red arrow.

New repository

Search Type to search

Create a new repository

A repository contains all project files, including the revision history. Already have a project repository elsewhere? [Import a repository.](#)

Required fields are marked with an asterisk (*).

Owner * / Repository name *

profdeborapaulo / meuRepositorio

meuRepositorio is available.

Great repository names are short and memorable. Need inspiration? How about fictional-octo-journey?

Description (optional)

Este é o meu repositório lá lá lá...

☒ Public
Anyone on the internet can see this repository. You choose who can commit.

☐ Private
You choose who can see and commit to this repository.

Initialize this repository with:

☒ Add a README file
This is where you can write a long description for your project. [Learn more about READMEs.](#)

Add .gitignore

.gitignore template: None

Choose which files not to track from a list of templates. [Learn more about ignoring files.](#)

Choose a license

License: None

A license tells others what they can and can't do with your code. [Learn more about licenses.](#)

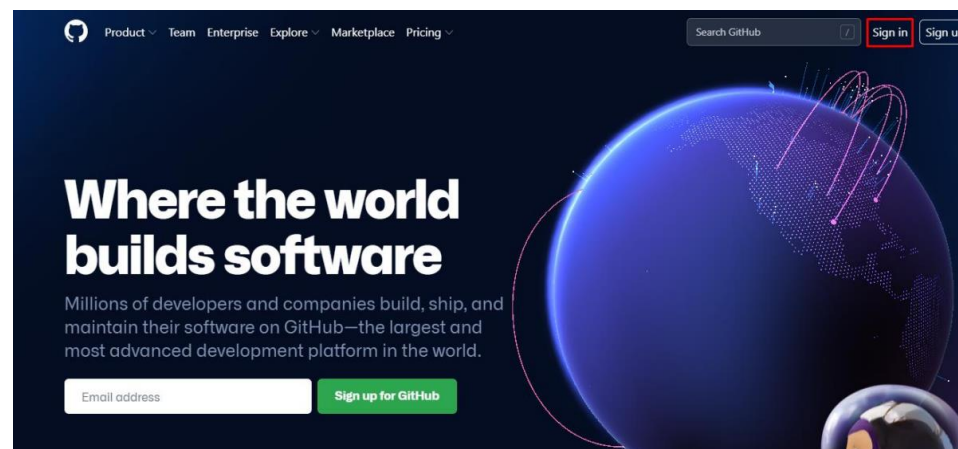

This will set `main` as the default branch. Change the default name in your [settings](#).

☐ You are creating a public repository in your personal account.

Rename

■ Template repository

Template repositories let users generate new repositories with the same directory structure and files. [Learn more about template repositories.](#)

■ Require contributors to sign off on web-based commits

Enabling this setting will require contributors to sign off on commits made through GitHub's web interface. Signing off is a way for contributors to affirm that their commit complies with the repository's terms, commonly the [Developer Certificate of Origin \(DCO\)](#). [Learn more about signing off on commits.](#)

Default branch

The default branch is considered the "base" branch in your repository, against which all pull requests and code commits are automatically made, unless you specify a different branch.

main

Social Preview

Upload an image to customize your repository's social media preview.

Images should be at least 640×320px (1280×640px for best display).
